# **Guidance Note on Accounting for Corporate Dividend Tax**

1. The Finance Act, 1997, has introduced Chapter XIID on “Special Provisions Relating to Tax on Distributed Profits of Domestic Companies” [hereinafter referred to as ‘CDT’ (Corporate Dividend Tax)]. The relevant extracts of sections 115O and 115Q of the Income-tax Act, 1961, governing CDT have been reproduced in Annexure I. This Guidance Note is being issued to provide guidance on accounting for CDT.

2. The salient features of CDT are as below:

- (i) CDT is in addition to the income-tax chargeable in respect of the total income of a domestic company.
- (ii) CDT is chargeable on any amount declared, distributed or paid by such company by way of dividends (whether interim or otherwise) on or after the 1st day of June 1997.
- (iii) The dividends chargeable to CDT may be out of the current profits or accumulated profits.
- (iv) The rate of CDT is ten per cent.
- (v) CDT shall be payable even if no income-tax is payable by the domestic company on its total income.
- (vi) CDT is payable to the credit of the Central Government within 14 days of -
  - (a) declaration of any dividend,
  - (b) distribution of any dividend, or
  - (c) payment of any dividend,

whichever is the earliest.

### *Compendium of Guidance Notes - Accounting*

- (vii) CDT paid shall be treated as the final payment of tax on the dividends and no further credit therefor shall be claimed by the company or by any person in respect of the tax so paid.
- (viii) The expression 'dividend' shall have the same meaning as is given to 'dividend' in clause (22) of Section 2 but shall not include sub-clause (e) thereof. (The relevant extracts of Section 2(22) of the Income-tax Act, 1961, have been reproduced in Annexure II).

## **Accounting for CDT**

3. According to generally accepted accounting principles, the provision for dividend is recognised in the financial statements of the year to which the dividend relates. In view of this, CDT on dividend, being directly linked to the amount of the dividend concerned, should also be reflected in the accounts of the same financial year even though the actual tax liability in respect thereof may arise in a different year.

## **Disclosure and Presentation of CDT in Financial Statements**

4. It is noted that clause 3(vi) of Part II of Schedule VI to the Companies Act, 1956, requires the disclosure of "the amount of charge for Indian Income-tax and other Indian taxation on profits, including, where practicable, with Indian income-tax any taxation imposed elsewhere to the extent of the relief, if any, from Indian income-tax and distinguishing, where practicable, between income-tax and other taxation." It is also noted that Part II of Schedule VI only lays down the information to be disclosed in the profit and loss account. However, as a matter of convention and to improve readability, the information in the profit and loss account is generally shown in two parts, viz., the first part contains the information which is required to arrive at the figure of the current year's profit - often referred to as 'above the line', and the second part which discloses, inter alia, information involving the appropriations of the current year's profits - often referred to as 'below the line'.

5. Since dividends are disclosed 'below the line', a question arises with regard to disclosure and presentation of CDT, as to whether the said tax should also be disclosed 'below the line' or should be disclosed along with the normal income-tax provision for the year 'above the line'.

*Accounting for Corporate Dividend Tax*

6. The liability in respect of CDT arises only if the profits are distributed as dividends whereas the normal income-tax liability arises on the earning of the taxable profits. Since the CDT liability relates to distribution of profits as dividends which are disclosed 'below the line', it is appropriate that the liability in respect of CDT should also be disclosed 'below the line' as a separate item. It is felt that such a disclosure would give a proper picture regarding payments involved with reference to dividends.

## **Recommendations**

7. CDT liability should be recognised in the accounts of the same financial year in which the dividend concerned is recognised.

8. CDT liability should be disclosed separately in the profit and loss account, 'below the line', as follows:

Dividend	xxxxx	
Corporate Dividend Tax thereon	<u>xxxxx</u>	xxxxx

9. Provision for Corporate Dividend Tax should be disclosed separately under the head 'Provisions' in the balance sheet.
